## CYBER NEWS

Cybercrime Cases at Eurojust – Check out success stories against cybercrime:

[Ransomware as a Service \(RaaS\)](#) OCG using GandCrab and REvil/Sodinokibi “ransomware families” was taken down. Authorities in France, Germany, Romania and Switzerland have taken action against an organised crime group (OCG) involved in a considerable number of ransomware attacks across Europe. During an action day, four places in Romania were searched. Two suspects were arrested and multiple items seized. The estimated profits of the OCG amounted to several million euros.

[Take down on Ransomware](#) against critical infrastructure. A total of 12 individuals have been targeted in operation involving eight countries. Criminal actions affected over 1 800 victims in 71 countries, with the deployment of malware such as Trickbot, or post-exploitation frameworks such as Cobalt Strike or PowerShell Empire, that allowed suspects to remain undetected and gain further access to compromised Networks.

Internet Organised Crime Threat Assessment ([IOCTA](#)) 2021 was released, describing the key findings, emerging threats and developments in cybercrime, with detailed sections on cyber-dependent crime, child sexual exploitation material, Dark Web and online fraud.
